## জাতীয় সঙ্গীত

আমার ঘোনার বাংলা আমি তোমায় ভালবাসি।  
চিরদিন তোমার আকাশ, তোমার বাতাস,  
আমার প্রাণে বাজায় বাঁশি ॥  
ওমা, ফাগুনে তোর আমের বনে ঘ্রাণে শাগল করে,  
মরি হয়, হয়রে!  
ওমা অঘ্রাণে তোর ভরা ক্ষেতে  
আমি কি দেখেছি মধুর শামি ॥  
কী শোভা, কী ছায়া গো, কী স্নেহ, কী মায়া গো,  
কী আঁচল বিছায়েছ বটের মূলে নদীর কূলে কূলে।  
মা তোর মুখের বাণী আমার কানে নাগে মুখার মতো,  
মরি হয়, হয়রে!  
মা, তোর বদনখানি মর্দিন হলে, ও মা, আমি নয়নজলে ভাসি।  
আমার ঘোনার বাংলা আমি তোমায় ভালবাসি।

## THE FOUR WAY TEST

OF THE THINGS WE THINK, SAY OR DO

- 1) Is it the **TRUTH**?
- 2) Is it **FAIR** to all concerned?
- 3) Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
- 4) Will it be **BENEFICIAL** to all concerned?

## Rotary

## Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

### FIRST.

The development of acquaintance as an opportunity for service;

### SECOND.

High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

### THIRD.

The application of the ideal of service in each Rotarian's personal, business, and community life;

### FOURTH.

The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## INVOCATION

We, the Rotarians are dedicated to maintain the dignity and worthiness of our calling by the acceptance and promotion of high ethical standards, and to regard our business or profession as an opportunity to express ourselves in service to society.

## **LIFE SKETCH OF PAUL P HARRIS (1868-1947)**

### **FOUNDER OF ROTARY**

Paul Percival Harris, the founder of Rotary and second of six children to George N. Harris and Cornelia Bryan Harris, was born in Racine, Wisconsin on 19 April 1868. He grew at Wallingford, Vermont in the care of his paternal grandparent since the age of three. A man with wide knowledge and varied experience, received Bachelor degree for Physical Culture from the University of Vermont and L.L.B degree from the University of Iowa. He also received honorary LL.D. degree from the University of Vermont. He was married to Jean Thomson Harris, a Scottish girl and a co-member of the Chicago Prairie Club.

Before settling in Chicago in 1896 to practice law, he worked briefly as a newspaper reporter, a business teacher, stock company actor, a cowboy and a salesman for marble and granite. He traveled extensively in the U.S.A. and Europe. One evening when he visited the home of a professional friend, he came across a number of tradesman in their businesses while strolling in the quiet neighborhood after the dinner. During this visit, Paul conceived the idea of a club which will bring the professionals from different trades together in a friendly spirit.

On 23 February, 1905, together with Sylvester Schiele, a coal merchant, Gustavus Loehr, a mining engineer and Haram Shorey, a merchant tailor, formed the first club and named it 'Rotary' as the members met in rotation at their places of business. As membership grew the idea spread to other cities, neighborhood and across the national boundaries. Paul Percival Harris became the first President of the National Association of Rotary Clubs (in 1910) and also of the International Association of Rotary Clubs (later renamed as Rotary International) in the year 1912. Until his death on 27 January 1947, Paul was an active member of Rotary.

Today, the Rotary covers over 162 countries with 1.2 million members in over 31,000 Clubs. It has touched the lives of millions in every corner of the world and can rightly claim that the sun never sets in Rotary world.

## From the Editor's Pen

**Dear Fellow Rotarians and Honorable Guests,**

I am indeed a proud Member of Rotary and privileged to circulate our club souvenir on this auspicious occasion of Installation ceremony welcoming and congratulating our club Board of Directors 2023-24 led by our always cheerful President Rtn Mohammad Monjurul Karim. The souvenir is portrayed our beloved club affairs in action transforming ourselves and the communities with the spirit of Rotary 'Services above All' setting the year with the objective of achieving another year of citation serving the communities in our endeavors.

The globe is truly passing through unprecedented times facing natural calamities and war challenges having a socio-economic disparity in the world communities growing the gap between the rich and poor losing the resources encountering high level inflation affecting adversely living conditions of the people striving and thriving for Hope and Prosperity at every corner of the world.

We the people of Rotary are in action to Create Hope serving the communities in terms of sustainability and circularity promoting peace, fighting disease, providing clean water, saving mothers & children, supporting education, growing local economies and supporting environment bringing the people together across the generations who share the ideals of services. Our continuous efforts being proud Rotarians are focused on improving human rights and promoting sustainable development in the communities who are indeed underprivileged fighting for their survival inviting the others who are born with gold, silver and bronze spoon by the God grace in the communities for engagement and involvement with community services.

We are thankful to you expressing our profound gratitude who have extended your supports providing encouraging words in this souvenir for inspiration. Your forgiveness will look good should you find any inadvertent typographical mistakes and errors in this souvenir and oblige thereby.

Sincerely yours,

**Rtn Bhaskar Ranjan Saha**  
Editor and Club Secretary

## **Welcome Message from the Installation Chair**

**Rtn PP Md. Mushfiqur Rahman PHF**

**Chairman, Installation Committee 2023-24**

**Rotary Club of Dhaka Luminous**

I am truly happy to welcome to our 9th President and his board with a farewell to outgoing president and his board. I hope you all will find a pleasurable evening, will know some of our activities have done and coming year desire of the club.

As Installation chair, I would like to welcome all Rotarians and Guests in the 9th Installation ceremony of Rotary Club of Dhaka Luminous. This Installation program is an inspiration for the club members, family members and its patrons.

It was in 2015 that the Rotary Club of Dhaka Luminous chartered. Since then year after year the Presidents and the members have kept the torch alight providing services to the needy and complementing the work of various indigenous people of rural areas. We have acted as catalysts in bringing about a positive change in the communities. We have assisted individuals, families and communities to have facilities that all of us take for granted – Health, Education and Literacy, Sanitation, Water and environment.

Rotary international is an international membership organization whose stated purpose is to bring together business and professional leaders in order to provide humanitarian service and to advance goodwill and peace around the world. Our mission is to unite people, take action and create lasting chance - across the globe, in our communities, and in ourselves. This year Rotary theme is "Create Hope in the World". Let us continue to work together with our club members, our local community and the Rotary world to create hope in the world.

Rotarians are the ordinary people. If we believe in teamwork, we can accomplish extraordinary things. Let us all enjoy Rotary and make a strong connection with community leaders and volunteers to make a great impact in our community.

We are all looking forward to an explosive Rotary Year ahead. Finally, we hope, you all will enjoy the evening.

Yours in Rotary,

**Rtn PP Md. Mushfiqur Rahman PHF**

## **Introduction of Rtn Gordon R. McNally**

### **President**

### **Rotary International**

Gordon R. McNally is the president (2023-24) of Rotary International. He was educated at the Royal High School in Edinburgh and at the University of Dundee, where he earned his graduate degree in dental surgery. He operated his own dental practice in Edinburgh until 2016. Gordon was chair of the East of Scotland branch of the British Paedodontic Society and has held various academic positions. He has also served as a presbytery elder, chair of the Queensferry parish congregational board, and commissioner to the general assembly of the Church of Scotland.

Gordon joined Rotary in 1984 at age 26. A member of the Rotary Club of South Queensferry, he has served as president and vice president of Rotary International in Great Britain and Ireland (RIBI). He has also served RI as a director and on several committees, including as an adviser to the 2022 Houston Convention Committee and chair of the Operations Review Committee.

Gordon says he looks forward to working with members to build new Rotary clubs and groups. "My vision is that Rotary should exist everywhere in a style to suit everyone who has the desire to be part of us and to help us do good in the world," he says.

Gordon is a patron of the UK-based nonprofit Hope and Homes for Children and led a partnership between that organization and RIBI to support children in Rwanda who had been orphaned in the genocide there. He is a patron of Trade-Aid, an initiative of the Rotary Club of Grantham Kesteven, Lincolnshire, England, that provides sustainable humanitarian aid to individuals, families, and businesses in the developing world. He is also an ambassador for Bipolar UK, a national mental health organization.

In his free time, Gordon enjoys rugby, good food and wine, and stick dressing, the traditional Scottish craft of making walking sticks.

Gordon wishes to dedicate his presidency to making the world a better place for his granddaughters, Ivy and Florence, to live and thrive.

A Rotary member since 1984, McNally has been president and vice president of Rotary International in Great Britain and Ireland. He has also served Rotary International as a director and as member or chair of several committees. He is currently an adviser to the 2022 Houston Convention Committee and chair of the Operations Review Committee.

Gordon describes The Rotary Foundation as "the fuel that provides the energy to do Rotary service." He and his spouse, Heather, also a Rotarian, are Paul Harris Fellows, Major Donors, and Benefactors of The Rotary Foundation. They are also members of the Bequest Society.

Rtn. Mohammad Karim,  
Rotary Club of Dhaka Luminous

I congratulate you on your installation to the office of club President at the Rotary Club of Dhaka Luminous, Bangladesh.

You have been handed the reins of leadership at an historic moment. In the wake of the COVID-19 pandemic, more people than ever feel hopeless. Many have lost people close to them. Social networks have been uprooted and divisions have grown wider as opportunities for connection have been lost.

Rotary's ability to create lasting change begins with the bonds we form with each other. This year, I need your help to ensure the bonds between our fellow Rotary members are strong enough to bring hope to those who need it most.

Join me in making Rotary a source of strength for all of those, both within and beyond our membership, who feel they have lost hope. Let this be the year we *Create Hope in the World*, and let Rotary be known as an organization that takes care of its members as well as the people we serve.

It is within your power to help bring peace and soothe those afflicted by conflict, both in their communities and in themselves.

I look forward to working beside you as we come together to *Create Hope in the World*.

Warmest Regards,

**R. Gordon R. McNally**  
President  
Rotary International 2023-24

## RI presidential theme 20 23-24

Rotary International President R. Gordon R. McInally called for members to capture the world's attention and lead the way toward possibilities far beyond our current expectations. McInally, a member of the Rotary Club of South Queensferry, West Lothian, Scotland, revealed the 2023-24 presidential theme, Create Hope in the World, to the 500 District Governors, during the Rotary International Assembly in Orlando, Florida, USA, on January 9, 2023. He urged members to promote peace in troubled nations, help those affected by conflict, and maintain the momentum of initiatives begun by past leaders....

"The goal is to restore hope — to help the world heal from destructive conflicts and, in turn, to help us achieve lasting change for ourselves," McInally said at Rotary's annual training event for incoming district governors.

McInally spoke about a woman he met in Ban Taling Chan, Thailand, where Rotary members helped build houses, a meeting hall, and childcare and health care facilities following the tsunami that devastated South Asia in late 2004. The woman had lost her husband, her daughter, and her son in the tsunami, as well as her livelihood. But she still had a gift to offer McInally: a beautiful seashell.

"She went on to tell me that Rotary... had restored her optimism. We gave her hope," McInally said.

"This is how Rotary brings lasting change to the world," he added, "one restored or newly created hope at a time."

### Promoting peace

A significant way to bring hope to the world is to put a greater emphasis on peace, McInally said. He cited the action Rotary members have taken in the past year to support the people of Ukraine after the invasion by Russia. Rotary has made humanitarian relief a priority, attracting more Ukrainian members in the process. But McInally noted that true relief won't come without peace — not just in Ukraine, but in Yemen, Afghanistan, Syria, and dozens of other places around the globe.

Peace is the soil where hope takes root," McNally said.

McNally also emphasized the power of continuity, calling for Rotary members to continue the work of some past leaders. He pledged to maintain the Empowering Girls initiative launched by 2020-21 President Shekhar Mehta and uphold the emphasis on diversity, equity, and inclusion throughout Rotary. He also noted recent events that underscore the importance of Rotary's continuing focus on polio. In the past year, polio cases have emerged in many areas around the world, making it more crucial than ever for Rotary members to lead the fight against the disease.

To do that, McNally said, Rotary must continue to raise at least US\$50 million each year to receive the full 2-to-1 funding match from the Bill & Melinda Gates Foundation. Only about 1 in 12 members currently gives to the polio eradication campaign, with fewer than 1 in 5 clubs donating each year.

McNally asked the district governors-elect for support creating a new sense of urgency in their clubs to help realize Rotary's vision of a polio-free world. "This is the time for us to go beyond what's necessary year to year and make sure we provide every resource necessary to succeed as quickly as possible," he added.

### Focusing on mental health

In addition, McNally said, Rotary members should offer hope to those affected by mental health challenges — a crisis exacerbated by the COVID-19 pandemic. Many people have lost family members, many more have found their social networks uprooted, and young people especially have had their educational and developmental paths interrupted. As a result, more people around the world are facing mental health issues. And yet, seeking assistance is often perceived as a sign of weakness.

"Nothing could be further from the truth," McNally said. "Reaching out for help is courageous — and continuing on a path toward wellness is even more so."

He added that Rotary will work to improve mental health services in the next year and beyond. Rotary should be known as an organization that takes care of its members as well as the people it serves, McNally said. "Any mental health professional will tell you that by helping others, we essentially help ourselves."

McNally ended his speech by describing his ideal balance of continuity and innovation. "Rotary helps create the conditions for peace, opportunity, and a future worth living," he said. "By continuing what we do best, by remaining open and willing to change, and by keeping our focus on building peace in the world and within ourselves, Rotary helps create a more peaceful world — a more hopeful world."

## Message from Chief Guest

**Dr. AFM Ruhul Haque**

**Honorable MP and  
Chairman Parliamentary Standing Committee,  
Ministry of Science and Technology**

Rotary International is known worldwide as welfare organization. One of the main tasks of man is to serve humanity. The fact that Rotary has survived for almost one hundred and twenty years worldwide is due to the greatness of its service. Involving themselves in all humanitarian activities including education, health, child and maternal welfare, the activities that Rotary Clubs have been running are unmatched. Rotary has played a major role in eradicating polio from the world. The role of this organization is immense in high standards, social service and international understanding.

Since its establishment in 1905 and being the largest social organization Rotary is dedicated towards services to mankind. Seven focus areas of Rotary cover all 17 priority areas of sustainable Development Goals (SDGs) and are also align with our Government focus sectors. There are many Rotary Clubs in Bangladesh and they are engaged to serve humanity. Rotary club of Dhaka Luminous is one of them.

I am pleased to know that since last 8 years Rotary Club of Dhaka Luminous has been contributing significantly in the areas of Health care, basic education, Eradication of poverty, Ensuring pure drinking water, Supporting autistic children and Environment conservation. Distributions of school furniture and eye care projects are most remarkable. Rotary networks and activities in Bangladesh increased in manifolds over the last few decades and now Rotary has appeared as a strong change making force toward SDG achievement. Time has come to work together to make a Smart Bangladesh.

I am happy to be here at the 9th Installation Ceremony of office bearers of Rotary Club of Dhaka Luminous. I take the pleasure to congratulate President Rotarian Monjurul Karim and his board for the Rotary year 2023-24 and also extend thanks to Immediate Past President and his board for their noted contribution towards humanitarian services during their tenure.

I like to extend my thanks to all Rotarians and their family for upholding the spirit of Rotary "Service above Self" to "create Hope in the World". Once again I congratulate all members of Rotary Club of Dhaka Luminous for their dedicated voluntary services to make a smart world. Finally, I wish for a very successful Installation Ceremony.

Joy Bangla Joy Bangabandhu

Dear Members of Rotary Club of Dhaka Luminous

It is my great pleasure to extend my congratulations to all members of the Rotary Club Dhaka Luminous on the occasion of the 9th Installation Ceremony of this esteemed club. It is a moment of great pride and joy as you reflect on the achievements of the past 9 years and look forward to the endless possibilities that lie ahead.

Firstly, I want to express my heartfelt appreciation to our chief guest Prof A F M Ruhul Haque MBBS, FRCS, FICS, Honorable MP and Chairman Parliamentary Standing Committee for Ministry of Science and Technology for gracing us with his kind presence and sharing his insights during the ceremony.

Installation ceremonies serve not only as a time to look back at our accomplishments but also as a reminder of the immense responsibility bestowed upon us. The mantle of leadership rests upon our shoulders, urging us to push beyond our comfort zones and reach out to those who need us the most. It is a call to action, a call to compassion, and a call to continue creating hope in all corners of the world. Thanks Program Chair Rtn Md Mushfiqur Rahman PHF for organizing such a wonderful Installation Ceremony.

I congratulate the outgoing President Rtn Mohammad Abdullah and his board for his remarkable leadership and guidance during his term. The outstanding achievements of your club during the past year will showcase the remarkable services you have carried out and the positive impact you have made in the community.

We recognize the importance of Rotary's theme "Create Hope in the World". Each of us has the power to create hope within our communities. It starts with a single act of kindness, a compassionate gesture, or a listening ear. We can uplift those around us, championing their dreams and supporting their aspirations. Together, we can generate a ripple effect of hope that spreads far beyond what we can imagine.

In our diverse roles as Rotarians, we have witnessed the impact of hope firsthand. From providing clean water to communities plagued by scarcity, to eradicating diseases that once ravaged lives, to empowering individuals through education and vocational training – we have become agents of change, ambassadors of hope.

I extend my heartfelt congratulations to the president Rtn. Mr Mohammad Monjurul Karim. and his board members, I would like to wish them all the luck and success for their upcoming year. And my sincerest gratitude to every Rotarian who has contributed their time, efforts, and resources towards making this club a beacon of hope.

Let us continue to inspire one another, create hope in the world, and truly be the change we wish to see.

Dear Members of the Rotary Club of Dhaka Luminous,

I extend my sincerest congratulations to all of you as you prepare to mark a significant milestone - the 9th Installation Ceremony of the Rotary Club of Dhaka Luminous. It is with great admiration and respect that I commend your unwavering commitment and dedication to the betterment of our community.

Over the years, your club has demonstrated an exceptional level of service, embodying the true spirit of Rotary's ideals. Your continuous efforts in initiating and executing projects that address the pressing needs of our society have undoubtedly left a lasting positive impact on the lives of many. Your selflessness, enthusiasm, and genuine concern for the welfare of others have set a remarkable example for all of us to follow.

As you gather on August 20, 2023, to celebrate this momentous occasion, I wish to express my heartfelt gratitude for the invaluable contributions of the outgoing board. Your leadership, vision, and tireless efforts have been instrumental in shaping the club's trajectory and accomplishments. Your legacy will undoubtedly inspire the newly installed board as they embark on their journey of leadership and service.

To the incoming board, I extend my warmest congratulations. Your willingness to take up the mantle of responsibility reflects your deep commitment to the principles that Rotary upholds. As you assume your roles, I urge you to continue the tradition of excellence and innovation. Let this installation serve as a reminder of the trust and expectations that have been placed in you.

In the days ahead, I encourage you all to explore new avenues for sustainable projects that will further enrich the lives of our fellow citizens. Embrace the challenges and opportunities that lie ahead with the same vigor and determination that has been the hallmark of your club. Let your actions continue to illuminate the path toward a brighter and more prosperous community.

May this 9th Installation Ceremony be a celebration not only of your achievements but also of the boundless potential that lies ahead. As you move forward, remember that your efforts are a source of inspiration for many, and your accomplishments are a testament to the positive change that a united group of individuals can bring about.

Once again, congratulations on this remarkable occasion. May your collective endeavors continue to shine as a beacon of hope, compassion, and service for years to come.

**Greetings to my fellow Rotarian Friends and Friends of Rotary.**

The Covid has taught us a new word NEW YOU. It was not much clear in 2019 during the onset of Covid. But today in 2023, we can see the whole NEW world around us. Life is not the same anymore.

The tiniest virus made of protein taught us how helpless we are against the Nature. With so much stress, anxiety, isolation and monotony all around – one thing is clear, life is different in many ways economically, socially and health wise. Considering the present uncertainty of the world as a whole, the relevance of the Rotary’s Four-way Test has become very significant. The strong Rotary wheel which faces inward for Friendship & Fellowship and outward in service to our community and to the world can create HOPE in the world.

Joining Rotary has changed my perception about humanity to try to do meaningful and sustainable efforts to change the life of our community members who have less or no access to the betterment of life. We just need to extend our hands to them to give them HOPE that they can do.

Our Club has been built on a strong leadership foundation. I am fortunate to have a membership that is fully committed to the Rotary ideal of Service above Self and continues to go extra mile to carry out many sustainable projects we undertake for the benefit of our community.

I want to thank the members of my club for giving me the opportunity and entrusting me to lead the club and trail the legacy of achievements made by our Past Presidents.

This year we have an amazing and truly inspirational District Governor Rtn Ashrafuzzaman Nannu MD who is guiding us relentlessly to achieve our RI President’s goal “Create Hope in the World”. We, the members of RCD Luminous also trying our best to address the 7 focus areas of Rotary through our various projects.

We are also fortunate today to have with us Prof A F M Ruhul Haque, MBBS, FRCS, FICS the Honorable MP and Chairman of the Parliamentary Standing Committee for Ministry of Science & Technology as the Chief Guest. He is an Internationally acclaimed physician, an Orthopedic Surgeon and a philanthropist.

I like to echo this year’s (2023-24) theme by the Rotary International President R Gordon R McNally to CREATE HOPE IN THE WRLD. President Gordon believes that we the Rotarians should put our best efforts to create HOPE among the people who feel they have lost hope. *“Let Rotary be known as an organization that takes care of its members as well as the people we serve”.*

Last but not the least, I must thank my family for their unconditional support to engage myself in Rotary. It is way too difficult to act as a Rotarian without family support and consideration.

## ROTARY CLUB OF DHAKA LUMINOUS STRATEGIC PLAN 2021 – 2025

### 1. PURPOSE OF THE STRATEGIC PLAN

This 5-year Strategic Plan spell out how members of the Rotary Club of Dhaka Luminous see the club as it heads into the future. The purpose of this strategic plan is to:

- Provide insights to internal and external stakeholders about our focus and priorities.
- Provide future board guidance and a basis for maintaining a consistent long-term effort to improve the club depending on prevailing conditions and priorities

### 2. PROCESS OF DEVELOPING THE STRATEGIC PLAN

In July 2021, the Rotary Club of Dhaka Luminous initiated its pilot five years strategic planning process to identify the essential elements for club success and strategies for achieving that success. The planning process was undertaken through a rigorous consultative process that involved the club officers, directors, committee chairs and members. Through the years, the plan was continually enhanced to adopt the annual undertaking and goals of Rotary International.

This Plan aims to help its members, within the overall objectives of Rotary, focus on the Club as a constituent of Rotary International; ensure consistency with the Rotary Manual of Procedures (including Rotary Club Bylaws); and interface the Rotary Club of Dhaka Luminous planning with the strategic planning of the District.

### STRATEGIC DIRECTION

The strategic plan for 2021-2025 is informed by the fact that Rotary Club of Dhaka Luminous has instituted a strategic thinking, planning and management culture. Key achievements, challenges and lessons learned from the past have been used to determine the strategic direction for the period 2021-2025. On the basis of the foregoing, the following is the agreed upon as the vision, mission strategic direction and objectives of the club.

#### 1. VISION, MISSION

##### **Vision:**

To be a club of choice providing strategic service to our local, district, national and international community. The club is visibly seen as relevant within the community as progressive, dynamic, action-oriented, and ultimately effective.

##### **Mission:**

To provide a friendly environment for all Club members while we help others. Being part of the RC of Luminous is a great way to be active in our community and also to make a difference on a global scale.

#### 2. CORE VALUES

- **Passion** - We strive to make a positive difference in the world.
- **Support** - We care for each other and work together with goodwill and trust.
- **Inclusion** - We aim to be welcoming, non-judgmental and non-discriminatory.
- **Ethics** - We value the personal and ethical standard of our club members.

### **Service**

The club believes that its service activities and programs bring about greater world understanding and peace. Service is a major element of its mission. Through its plans and actions, it creates a culture of service throughout its organization that provides unparalleled satisfaction for those who serve.

### **Fellowship**

The club believes that fellowship is an important aspect of being a Rotarian and each member as individuals can best enjoy this relationship at luncheon meetings and by participation in club activities. It is only through Fellowship and a committed involvement in Rotary that we as Rotarians can maintain and accomplish the “Four way Test”

### **Diversity**

The club believes Rotary unifies all people behind the ideal of service. It encourages diversity of vocations within its membership and in its activities and service work. A club that reflects its business and professional community is a club with a key to its future.

### **Integrity**

The club is committed to and expect accountability from its leaders and fellow members, both in the results of its efforts and in the processes it uses to accomplish its goal. The club adheres to high ethical and professional standards in its work and personal relationships. It is fair and respectful in its interactions, and it conscientiously steward the resources entrusted to it.

### **Leadership**

The club is a fellowship of individuals who are leaders in their fields of endeavor. It believes in the importance of leadership development and in leadership as a quality of its members. As Rotarians, we are leaders in implementing our core values.

All of these core values are reflected in the Object of Rotary and The Four-Way Test, which it uses in its daily lives. Leadership inspires the club to foster and support the ideal of service for developing and maintaining high ethical standards in human relations.

### Action steps

- educate club members about the Foundation;
- encourage club members to participate in Foundation grants and activities and support the Foundation financially;
- communicate to club members the Foundation goals set by the district and Trustees of The Rotary Foundation

### RISK ANALYSIS

To be future-proofed and survive as a vibrant Club, the Rotary Club of Dhaka Luminous needs to be assured that it is relevant to:

- o its community of interest – with regards to fund-raising efforts;
- o the community it serves – with regards to the local and District/Cluster projects and services it support; and
- o its existing and prospective members – with regards to opportunities for fellowship and *Service Above Self*.

Failure to operate efficiently and effectively risks the Club to becoming less relevant to its community of interest and to the community it serves, as well as becoming less attractive to members seeking active and meaningful engagement. To be effective and efficient, Rotary Club of Dhaka Luminous must be run on sound business principles including:

- o good governance, including a disaggregation of personnel involved in funds sourced and funds spent;
- o a tight Board, with significant devolvement of day to day decision making, to help separate Governance from management;
- o involvement of all members in significant decisions;
- o succession planning in key areas of operation; and
- o transparency of decision making criteria.

## PRIORITIES AND REVIEW

Each year, during the 5 year period of the Strategic Plan, the new Board will determine the priorities for that year through an annual club assembly, consistent with the strategic goals, objectives, and activities identified in this plan. This Strategic Plan is a living document and will be reviewed annually by the Board. The incoming President will be:

- Ø totally conversant with the contents of this plan;
- Ø identify areas where there is a need to fine tune or update; and
- Ø to bring these to the Board and ultimately to the Club Membership for adoption.

## FINANCIAL MANAGEMENT

The Treasurer shall maintain a minimum cash balance as determined by the Board in the Club's accounts to ensure that sufficient funds exist to cover any unforeseen contingencies and shall alert the Board if current operations are forecast to breach this balance.

Every Club fundraising project shall have the dual objective of ensuring that the Club is financially sustainable and supports Board-approved charitable causes to the greatest extent possible. All fund raising projects shall set aside between 10% and 15% of their surplus to sustain the Board's broad program of service activities with the balance made available for disbursement to selected charitable causes in accordance with the wishes of the Board.

The Board notes that a year-end cash balance as it determines is required to fund ongoing committee program and further notes that major fund-raising programs should be scheduled at regular intervals during the year.

## REVIEW AND EVALUATION

### **Board Review** – Twice per Year

- How are we going against our proposed objectives, projects, and targets?
- What do we need to do to improve our performance?

### **Club Assembly** – Twice per Year

## Eye Care – a crying need

by Rtn Mohammad Abdullah

President 2022-23

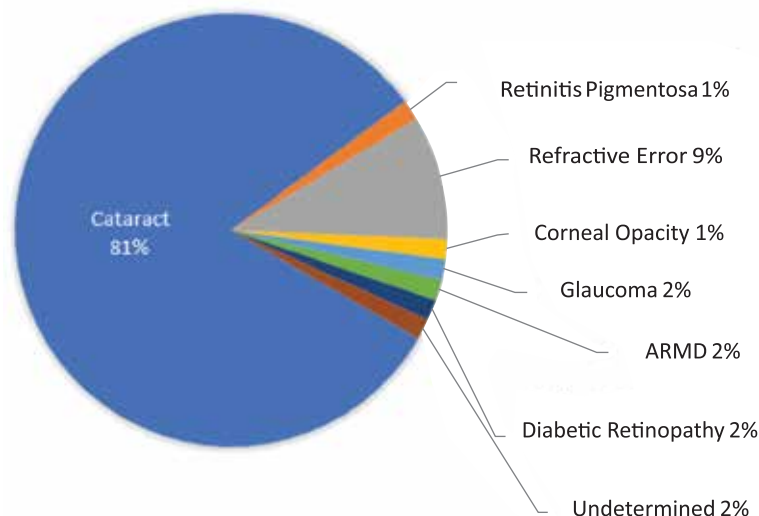

Doly Rani, 45, resident of Hajaribagh Colony, Dhaka, lost hope to see again. Her vision has been become cloudy in the past three years and it has been deteriorating further. She was afraid to go to hospital for treatment. She visited a nearby hospital twice, however, fear as well as lack of money prevented her from receiving treatment. Symptoms such as distorted vision became more prevalent since the end of 2018. Hearing about free eye camp facility in her area, she visited the camp and got empowered from doctor and community leaders to perform surgery at nearby Prime Bank Eye Hospital. She stopped sewing, her only means of bread and butter, due to poor vision. After getting surgery she re-invented herself, a story she shared with the then Rotary Club of Dhaka Luminous' president. She can now see everything and is able to start her sewing again.

Doli Rani's sight restoration is the encouragement of Dhaka Luminous. Disease prevention and treatment is one of the primary areas of focus for Rotary out of seven focus areas. Restoration of sight and prevention of blindness are both very important ingredients of disease prevention and treatment. Despite effort from Government, NGOs, and private sectors, prevention of blindness is still a far reach destination for Bangladesh.

Nationwide Blindness Survey-2020 reveled a blink picture of blindness in the country below:

Causes of Severe Visual Impairment

Considering chart above, the conclusion and recommendation of Nationwide Blindness Survey-2020 are:

- Cataract is the primary cause, which is responsible for 81% of the severe visual impairment.
- 19 in every 100 adults aged 30 years or older suffers from any degree of visual impairment.
- An estimated 1.43 million people are living with mild to severe visual impairment in Bangladesh.
- The burden of bilateral blindness in Bangladesh decreased, but still poses a significant socio- economic challenge.
- Four out of five of these blind cases are avoidable.
- Visual Impairment has increased significantly over the last two decades, while spectacle coverage is very low
- Bilateral cataract blindness has reduced although cataract surgery coverage is low for moderate visual impairment.
- The lack of community-based eye care services continues to be a barrier to optimal uptake of eye care services.
- Disadvantaged group suffer most

The recommendations are brought and comprehensive. If we address cataract only it removes 81% of avoidable blindness; in other words, four out of five visual impairments can be cured by simple intervention of cataract surgery. Community based eye care services is another focus area which can remove the barrier of accessibility to the services. Therefore, we focused these two areas to serve. Needless to mention, it is not possible for one actor to do all of the above since it's a national issue and need a coordinated effort under the leadership of Government agencies.

To address national issue of reduction of avoidable blindness, Rotary Club of Dhaka Luminous (RCD Luminous) decided to start a signature project with the technical help of Prime Bank Eye Hospital, Dhanmondi, Dhaka. The fundamental focus of the project is to help disadvantage group. In this regard, RCD Luminous targeted most poverty-stricken areas, those not covered previously. Luminous project provided comprehensive services that started from eye screening at the doorstep of the poor communities. Local community informed the people through miking and leaflets on the day of eye camp. Thereafter, patients were screened by qualified doctor and prescribed either spectacles or surgery or other services at camp. Those who agreed to do cataract surgery at hospital they were transported to the hospital and then surgery done with post operative medicine. Cost related to all above initiative was borne by RCD Luminous. Below two tables are the detail performances of Luminous eye care project:

Table-I (Camp wise Performance 2018-2019)

SL	Venue	Patient examined	Patient identified for surgery	Surgery done	Spectacle prescribed	Spectacle dispensed	Volunteer
1	Gonoktuly City Colony Hajaribagh, Dhaka	210	35	9	38	49	4
2	Anirban Urban Community Learning Center, Pallabi, Mirpur, Dhaka	227	38	12	59	62	4
3	Luminous Kindergarten School, Rayer Bazar, Dhaka	146	24	6	42	46	2
4	Anirban Urban Community Learning Center, Pallabi, Mirpur, Dhaka	180	16	5	93	70	4

Table-II (Old Rehabilitation Center Camp 2023)

SL.	Venue	Patient examined	Patient identified for surgery	Surgery done	Spectacle prescribed	Spectacle dispensed	Volunteer
1	Old Rehabilitation center (A concern of Givensee group of industries Ltd.)	170	35	28	88	88	5

RCD Luminous has long been dreaming to start a project that ensure community participation and benefits the disadvantageous group. Community based eye care service with special focus on cataract surgery are the fundamental motto of Luminous eye care project. The dream was brought to reality once Memorandum of Understanding (MOU) was signed with the Prime Bank Eye Hospital to do quality surgery of poor patients. This may eventually lead to accomplishing the long-term vision of RCD Luminous to build a community eye hospital to serve the poor.

## Basic Education & Literacy- A Fundamental Human Right

by **PP Hadi Mizan Al Hossain**  
**Director Public Image 2022-23 (RCDLu)**  
& **Deputy Governor 2023-24**  
**RI District 3281, Bangladesh**

It is commonly said that a nation can prosper only if his citizens are educated. Rotary International also emphasize this concept and made it as one of the seven focal points of Rotary.

Rotary Club of Dhaka Luminous took several projects in line of RI's guidelines. We have adopted a signature project – giving School Furniture to those poor schools who cannot afford basic furniture i.e., table/chair to the students. These schools are mostly the primary schools at the village side where education is a challenge.

This is our continuous efforts to support the underprivileged schools and till date appx 750 sets of table and chairs were distributed across the country. Scholastica – well reputed education institute is sponsoring us in this regard. Every year they phase out number of furniture which with little fixing & painting can be easily reused. Reusing the furniture also puts less demand on environment.

Till now the project value is more than Tk one crore. Few glimpses of the project are shared below-

28 July 2023

Dhaka Luminous has distributed 50 school tables and 50 chairs to Alfadanga Adarsha College with the help of Kanchan Munshi Foundation. Project location: Alfadanga, Faridpur.

**Furniture Project # 14**

28 July 2023

Dhaka Luminous has distributed 50 school tables and 50 chairs to Kamargram Kanchan Academy High School with the help of Kanchan Munshi Foundation. Project location: Alfadanga, Faridpur.

**Furniture Project # 15**

28 July 2023

Dhaka Luminous has distributed 100 school tables and 100 chairs to Begum Shahanara Academy school with the help of Kanchan Munshi Foundation. Project location: Alfadanga, Faridpur.

As we said, this is our one of the signature projects and it will continue. This may be a drop in the ocean but we feel proud to be able to contribute a very little to the support of basic education.

In this context I like to recognize two of our fellow colleagues, Rotarian PP Mushfiqur Rahman PHF and Rotarian PP Md Shahidul Haque PHF who are also my colleagues in Scholastica for their outstanding support to this project. Rtn Mushfiqur, was instrumental to this project. Rtn Shahid also gave his all-out support to initiate this mega event.
